- Fundraising - Megan Parisian, Laura Workman, Deanna Miller
After last week's fundraising planning meeting we connected on what was discussed there, as well as how to put those ideas into action. Shawn Melton will be connecting with Dr. Hanks to start the conversation around a fall direct ask campaign. We also will continue the conversation around fundraising committees with Dr. Hanks going forward. We would like to see consistent

fundraisers kick off this year that would continue in years to come.

The idea of a monthly social event also came up, with the hopes of reaching out to families who may have restaurants or other local businesses. We could support the business, grow relationships within our school community, as well as potentially fundraise as well.

Social Emotional Learning

We spoke briefly about how we can support our students in everything they are experiencing as MS and HS students. We will be further looking into community partnerships, connections within our school, and organizations that could help facilitate this type of work and learning.
