6:40 REPORTS

1. PAL Report -

We have two interested PAL representatives for middle school:
Tasha and Arianna.

2. Staff Report - Dr. Hanks

Things have gotten off to a good start with the 2022/23 school year. There have been some staff changes in both middle and high school and a few long term substitute teachers in place while continuing to look for the right candidate.

There have been elections for Mayor, Vice Mayor, Secretary and Vice Secretary at the High School. All positions have been filled. They will be nominating class representatives next. Middle School will be holding these elections as well.

Open House for High School will be held Tuesday, September 20, 2022. 5:30-7 PM

Cafe in the Woods (coffee with a principal) may be making a comeback. More details to follow.

3. Treasurer Report - Laura

We need to start looking at a budget for class trips this year. We have money marked for Learner Journey's (travel experiences) from past years and will be looking for fundraising opportunities this year to continue to help make these trips possible.

Dr. Hanks also spoke to the trips that will be planned this year and for years going forward. This is the plan:

6th - Camp Roger

8th - Chicago

10th - Washington DC

12th - Senior Planned Class Trip

4. Fundraising / Events

While talking about trips, we started brainstorming about what fundraising could look like this year. Dr. Hanks had the idea of creating a brainstorming session / meet-and-greet for parents to come together during a night out to get to know each other and talk about ideas. From this brainstorm, the hope was that we could align on some ideas and ways we could further support ALL students in attending these amazing opportunities. The proposed date is Tuesday, October 4th. Dr. Hanks is finalizing location before setting the date in stone.

Boxtops and Amazon Smile are great ways to support our school. See our website for QR codes and more information.

A High School dance is in the works! More details to come.
