6:45 PLANNING

We discussed the following as we planned for the year ahead -

PAL - Where do we stand with this? We will be communicating with Dr. Hanks for an update.

Student Government Connection - We're looking into connecting with a scholar in the high school and middle school so they feel supported and to let them know that we're here to assist them with any needs they may have.

Musee News - We talked about ways that we could make sure this was received by all families as last meeting we learned that it wasn't. We plan to post to the FB group once the January news comes out and to see if families aren't receiving it, we can make sure they do. We will also communicate with Dr. Hanks to see how this can be remedied.

Fundraising - We spoke about kicking this off and will be communicating with Dr. Hanks about timing, what's needed, etc.
